1. Press the MENU button on your remote.2. Scroll to Installation and press OK.3. Scroll to First time installation and press OK.4. Scroll to Yes and press OK.5. Your TV will now switch off and then restart.6. Scroll to the required language and press OK.7. Select the required Country and scroll down.8. Select the required Teletext Language and scroll down.9. Ensure that Scan Encrypted Channels is turned on and scroll down.10. Select your network type e.g. Digital Aerial and scroll down. 11. Ensure that Digital Aerial is turned on and scroll down.13. Press OK to confirm the setup options and continue.14. Select home mode and press OK.15. Select your internet Network Type e.g. Wired Device and press the Fast Forward button to continue.16. Wait while the TV runs through an Automatic channel scan.18. Press Menu to exit the channel list and complete the First Time Installation. When you upgrade your television, you're likely going to be the proud owner of more TVs than you currently want or need. In this case, look for disposal options, which include recycling. Disposing of Large Electronics Televisions fall into the category of large electronics. These devices are the things that you plug into electric outlets, and they require special disposal methods to make sure they don't sit in landfills. Televisions, amplifiers, printers, computers and other large devices have internal components that should be removed and recycled. If your television is older with a cathode ray tube, it contains hazardous mercury and lead. Most donation centers don't accept these older models, and you'll need to find a recycling center that specifically accepts them. Preparing Your Television for Recycling If your television is a smart TV, reset it to factory settings so that none of your personal information remains in the system. Bundle the cord neatly, and secure it with a rubber band or twist tie. Tape the bundled cord to the television. Test the television to see if it works. When you take it to a recycling center, you'll likely be asked if it's working or non-working. Your local community may offer a bulk waste recycling program for residents. If available, you might be able to schedule a pick-up, or you might be able to take your old television to a recycling center. Some communities offer this service without fees, but others may charge you to recycle your old TV. If you don't have an option for recycling with your community, try a take-back program. Some manufacturers and retailers offer services to accept or pick up electronics, and this service might be free or could involve a fee. Call the manufacturer of your television or a few retailers in your area to see if this is an option too. Find an E-Steward E-Stewards are responsible recyclers located throughout the country. The goal of e-Stewards is to recycle using the highest of standards, which typically include not exporting e-waste and reusing or refurbishing whenever possible. Visit the e-Stewards website to find a participating center near you where you can drop off your television. The search tool on the site enables you to search with your zip code. Other Disposal Options If your television still works, consider donating it instead of recycling it. Many nonprofit organizations accept televisions in working order. Or, you could donate it to a reuse organization that will turn around and give it away to an organization or individual who will use it. MORE FROM QUESTIONSANSWERED.NET For Europe, Hitachi TV sets are produced by Turkish concern Vestel. This is one of the largest outsourcing manufacturers and suppliers to Europe with over 50 years' worth of expertise in electronics production. TV sets for the US and Canada markets are manufactured by Hisense Chinese concern. In some countries, you can't buy Hitachi TV. The Hitachi brand for TVs is not as prestigious and important to many buyers, which could be why they would rather purchase another brand. If you have problems with your TV, before visiting the repair shop try to hard reset it to the factory settings. It may solve many soft problems with your TV. If this does not help - visit the service center. How to factory reset the Hitachi TV Push the MENU on the remote. Scroll and press Installation. Find and choose First time installation and press OK. Select Yes and push OK. Your TV must Turn off and then restart. On next steps, you will need to make some setting as after purchase new one. (select country, language, etc.) If your remote is broken, you can try to reset it without it. Turn the TV off. Press and hold the {INPUT} button on the TV then press {POWER}. Hold both buttons until the TV powers on with the Service Menu displayed. Use the {UP} {DOWN} buttons to select items. Use the {LEFT} {RIGHT} to change the data. Press the {EXIT} button to exit the Service Menu. You should find on the service Menu something like reset, restore, or clear all data. On Hitachi TV has no reset button. Try a Power reset: Turn off the TV, take off the TV power outlet. Press and hold the TV's power button for 30 seconds to drain any residual power from the TV then release the button. Turn on the TV in the normal manner and check if it turns on OK. How to reset your Hitachi Smart TV to factory settings? Turn on your TV. Press the Menu. Find Settings Storage and Reset Select Factory data Reset Erase everything Enter your Security PIN if you install it early. The factory reset screen will show a warning message and press OK. The default pin codes on Hitachi TV are 0000, 1234, 1111, 7777 or 9999. If you forgot your custom Pin Code you need to press RECALL four times within five seconds. The PIN code will be cleared and you can enter a new PIN code. If you lost your original remote control you can buy a universal one or using the APP on your phone. Here I find these Remote Control Codes For Hitachi TVs: 1004, 1009, 1010, 1013, 1053, 1057, 1058, 1065, 1078, 1083, 1113, 1114, 1115, 1128, 1173, 1004, 1011, 1012, 1051, 1052, 1084, 1086, 1087, 1102, 1225, 1394 Old TVs often contain hazardous waste that cannot be put in garbage dumpsters. Because of this, most states have laws that prohibit old TVs from being set out for garbage pickup. If you need to throw away an old TV it's best to find a recycling program near you. Free Disposal of an Old TV Many communities hold yearly recycling events where old TVs can be collected and properly disposed of for free. If you want to dispose of your TV immediately, you should call your local waste disposal company. Many waste disposal companies will allow paying customers to drop off their old TV for free recycling. Make sure you bring your driver's license or a copy of your latest utility bill to show proof of residency at the recycling site. TV Disposal in Pittsburgh Pennsylvania Resources Council (PRC) hosts a number of Hard to Recycle Collection Events throughout Allegheny County every year. PRC ensures that old TV's are recycled responsibly and safely by working with recyclers who are eStewards certified. PRC accepts TVs for around \$30 per unit. A large TV will cost more to recycle. Rear projector and console TVs are around \$40 per unit. Disassembled TVs will not be accepted. Steps to Follow Before Disposing of an Old TV Before bringing your TV to a recycling drive it's important to note the following: If possible, the old TV should be restored to factory settings to protect your privacy. Use a twist tie or the cord itself to bundle up the cord into a knot. Use a dolly to transport the old TV. Best Buy TV Disposal Best Buy offers in-store recycling for old TVs in the \$25 range per console. For residents in Pennsylvania and Illinois, Best Buy recommends MRM e-Cycling Management. MRM accepts certain brands of TVs for recycling. Best Buy will haul away an old TV if a new TV is purchased for around \$20. The old TV will be properly recycled by a licensed third-party recycler. Stand-alone pickup without a qualifying purchase is approximately \$100. TV Disposal Near Me A quick and easy option for TV disposal is 1-800-GOTJUNK. A team will come to your house, assess the TV and quote a price. If you accept the price the team will move the TV and recycle or donate it if possible. Recycle Nation is a service offered all over the United States and provides an easy way to find a recycling location near you. Enter in your zip code and Recycle Nation will tell you the closest drop-off, curbside, mail back and pick up locations. Recycle Nation also provides e-waste guidelines and Department of Environmental Protection contact information for every state. MORE FROM QUESTIONSANSWERED.NET Chosen Solution Hi @gonzoz06, Try a Power reset: Switch off the TV, switch off the TV power outlet and disconnect the TV power cable from the outlet. Press and hold the TV's Power button for 30 seconds to drain any residual power from the TV then release the button. Reconnect the TV power cable to the power outlet and switch on the outlet. Turn on the TV in the normal manner and check if it turns on OK. According to the service manual if it doesn't turn on after performing a power reset it may either be a faulty mainboard or a bad display panel. (To download the service manual, when the sentence below the Document preview box changes from This file is downloadable free of charge: ...processing... to This file is downloadable free of charge: Download click on Download as this is the link. Be patient it takes a little while to find the file) Here's an image, taken from p.11 of the manual showing the Troubleshooting flowchart applicable to your particular problem. I've highlighted the path in green. (click on image to enlarge for better viewing). Hopefully this is of some help.
